FLUTTERBY FIELD SCHOOL · MODULE 1 · HANDS-ON

Beak Score Sheet

Names _____ Beak tool _____ Period _____

INSTRUCTIONS

1. Your team gets **one beak tool**: spoon, tweezers, or fork.
2. For each round, you have **30 seconds** to collect as much "food" as you can.
3. Count the pieces and write the numbers in the tables below.
4. After all three rounds, complete the reflection sentences.

Do not eat the props. Food pieces are for the lab only.

Round A — Normal year

All food types are available. Collect for 30 seconds, then count.

Food type	Count
Seeds	
Worms	
Soft fruit	
Floating food	
Total	

Round B — Drought

Only large seeds remain. Collect for 30 seconds, then count.

Food type	Count
Large seeds	
Total	

Round C — Flood

Most food is floating. Use the water tray only. Collect for 30 seconds, then count.

Food type	Count
Floating food	
Total	

Reflection

Our beak was best when _____ because _____.

One trade-off we noticed:
