Hungry Bird Rule Card

Names _____

YOUR JOB

Write a short rule a robot could use to send a **hungry bird** where it can get the most food: a **wet place** or a **forest**. Use the beak-race numbers only.

Our fair rule (from everyone's data)

If _____

then go to: **Wet place / Forest** (circle one)

Else go to: **Wet place / Forest** (circle one)

Mystery bird test

Bird	Key numbers	Our guess	Robot (fair rule)
A			
B			

Spoon-only rule (after we hide other beaks)

Rule the robot might learn:

When we uncovered tweezers/fork, this rule failed because

Exit ticket

Today the AI messed up because

Did the robot fail, or did we give it an incomplete lesson?

_____
